---

Jason Eiseman is the Director of AI at Wiggin and Dana. Jason leads the firm's efforts to integrate advanced AI technologies into legal practice and operations.

Jason brings over 20 years of experience in legal technology. Prior to joining the firm, Jason served as the Director of Library Technology and Planning at Yale Law School, where he managed technology initiatives, taught courses on practical applications of AI in legal research, and built innovative solutions for legal professionals.

Jason received his Master of Library Science (SLIM Program) from Emporia State University and his Bachelor of Arts from University of Massachusetts.

### **Education**

- Emporia State University (M.S.)
- University of Massachusetts, Amherst (B.A.)
